Proceedings of the Seventeenth Annual Town Meeting

Town Hall, Plainville, Mass., March 7, 1921.

Pursuant to the provisions of the foregoing warrant, the voters of Plainville, qualified by law to vote in Town affairs, assembled at the Town Hall, in said Plainville, on Monday, the seventh day of March, A. D. 1921, it being the first Monday of said month.

The meeting was opened at 9 o'clock A. M. by the Town Clerk, who read the warrant and return thereon.

Article 1. Election of Moderator. On motion of William H. Nash it was unanimously voted that Sylvester Smith cast one ballot containing the name of Hosmer M. Keeney for Moderator. Perry M. Cook, acting as teller, the ballot was cast and Mr. Keeney was declared elected.

Upon invitation from the Moderator, Rev. George G. Squires invoked divine blessing and guidance for those assembled.

Article 2. Election of Officers. The following officers not required to be chosen by ballot were duly elected, viz.:

Fence Viewers: Herbert E. Thompson, Sylvester Smith.

Field Drivers: Charles Meyer, John E. Martin.

Measurers of Wood, Lumber and Bark: Millard M. Rines, George B. Greenlay, Charles Russell, Earl B. Thompson.

Public Weigher: Millard M. Rines.

At 9:30 o'clock A. M. it was voted to open the polls.

Tellers: John Goff, George J. Davis.

Ballot Clerks: Meta A. Schubert and Harold L. Anderson were duly sworn to the faithful performance of the duties before the opening of the polls.

The ballot box was examined by the Moderator and Town Clerk, was found to be empty, then locked, and the keys thereof given to Perry M. Cook, election officer.

The voters assembled then commenced to cast their ballots.

Article 6. Voted, upon motion of W. E. Barden, that the Town grant use of Town Hall, free of charge, to:

George H. Maintien Post, No. 133, G. A. R., three days.

Fire Department, six evenings.

Alumni Association, two evenings.

Boys Scouts, one evening.

M. E. Church, one day and one evening.

John Edward McNeill Post, No. 217. American Legion, five evenings.

Article 4. Motion of W. E. Barden, voted to postpone action on all Articles in warrant calling for appropriations to an adjourned meeting to be held in this hall at 7:30 o'clock this evening.

Motion by J. J. Eiden, that a recess be now taken until this evening. Vote being doubted, standing vote

taken, resulting in eight voting in the affirmative and twenty-seven in the negative. Motion lost.

Motion by W. E. Barden, that the Town reconsider action on Article 6. Motion lost.

Article 9. Motion by W. E. Barden, unanimously voted that the Town Treasurer, with the approval of the Selectmen, be and is hereby authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1st, 1921, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote, to be paid from the revenue of said financial year.

Article 3. On motion of W. E. Barden it was voted to accept the reports of the various Town Officers.

Article 12. On motion of William H. Nash it was unanimously voted "that the Water Commissioners of Plainville be authorized to make a written contract with the Water Commissioners of North Attleboro for a period of ten (10) years to furnish the inhabitants of the Town of Plainville with water."

Article 22. George B. Greenlay reported for the committee on stone crusher. That committee, he stated, had been unable to get any price or figures that would hold for any length of time, and recommended that the Town do not purchase a crusher at this time. Motion by J. F. Breen, voted to accept report of committee and committee be discharged.

On motion of W. E. Barden it was voted that a committee of five be appointed to bring in nominations for Advisory or Financial Committee.

The following nominating committee was appointed: Walter E. Barden, John J. Eiden, Albert E. Burton, Millard M. Rines, William H. Nash.

Motion by William H. Nash, voted that a recess be now taken until 2 P. M.

At 1:50 P. M. the tellers commenced to count the ballots. The ballot box indicated that 224 ballots had been cast therein.

At 2:25 o'clock P. M. the polls were closed by vote. Check lists had 228 names checked thereon and 228 indicated on ballot box indicator, and 228 ballots had been cast.

At 4:30 o'clock P. M. the election officers finished counting the ballots, the facts thereof recorded by the Town Clerk and the result announced in open Town meeting.

The meeting was adjourned until 7:30 o'clock this evening in this hall.

Report of School Committee

To the Citizens of the Town of Plainville:

The following report is respectfully submitted by the School Committee for the year 1921.

What promised to be a year of ordinary activity for your committee was suddenly changed, when on Saturday evening, Aug. 27th, a fire of unknown origin broke out in the Town Hall building, doing extensive damage to the main part of the building occupied by the lower school grades.

Immediately after the insurance adjustment was made, the matter of reconstruction was taken up, and the N. J. Magnan Co. of North Attleboro was given the contract to rebuild the damaged portion of the building.

By placing a large force of men on the work, the Magnan Company had all the grade rooms ready for occupancy in two weeks from the time of the regular school opening, Sept. 6th, and by Nov. 10th the building was entirely completed, with a number of improvements that the old building did not have.

A change in the manner of transportation of children from the rural districts was made, beginning in September.

Owing to the worn-out condition of the Town barge, which would have to be replaced with a new one, it was deemed advisable to employ motor vehicles, as a matter of economy to the Town, and a convenience to both pupils and parents in shortening the time required in transporting the pupils to and from the schools.

With all school property in good condition and all

obligations cancelled to January 1st, 1922, it gives your committee pleasure to turn back to the Town the sum of \$1,793.60 from money available for the year's expenses.

FRANK O. CORBIN, Chairman;
WILLIAM WHITE,
WILLIS M. FULLER,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Plainville:

Gentlemen: I herewith present for your consideration my tenth annual report of the schools of Plainville for the year 1921. This is the seventeenth report in the series of Superintendent's reports.

School Budget

The expenditures for education in 1921 were an increase of 5 per cent. over 1920.

The budget for 1922 will require \$20,400, divided as follows: Teachers' salaries, \$13,400; janitors' services, \$1300; transportation, \$2000; books and supplies, \$900; incidentals and industrial, \$900; Superintendent of Schools, \$200; school physician, \$100; school nurse, \$300; fuel, \$1300.

The town will be reimbursed by the State as follows: For teachers' salaries, \$1,763.20; from the Massachusetts School Fund, \$2,295.46; by High School Aid, \$1,043.25; for Superintendent of Schools, \$386; the whole amount totaling \$5,487.91.

Teachers

The following resignations and appointments show the change in the teaching force since the last report:

Resignations:

Amasa F. Williston, High School
Viola M. Jackson, High School
Ruth F. Hiatt, High School
Natalie Chapman, Primary School
Marion D. Williston, Household Arts

Appointments:

Webster Hall, High School
Jessie I. Pithie, High School
Joyce R. Littlehale, High School
Ruth K. Fisher, High School
Lucile H. Robbins, Primary School
Georgia M. Burditt, Household Arts

The changes in the force of teachers were more than in any year for the past ten years.

Of the six new teachers elected to fill the vacancies, three are college graduates, one a normal school graduate, one, a business college graduate, and one, a graduate of the Boston School of Domestic Science.

Hot Lunches

The hot lunches served last year through the generosity and work of the Plainville Grange were a decided success. The lunches are self-supporting. This year the cooking department prepares the lunches under the supervision of the teacher of cooking and the regular grade teachers.

The lunches are popular. The pupils look forward to the lunch hour with much pleasure, because they get something hot.

School Nurse

The following law was enacted by the General Court last year:

CHAPTER 357, ACTS OF 1921

An Act Providing for the Appointment of School Nurses in the Public Schools

Section 1. Chapter seventy-one of the General Laws is hereby amended by striking out section fifty-three and inserting in place thereof the following:

Section 53. The School Committee shall appoint one or more school physicians and nurses, shall assign them to the public schools within its jurisdiction, shall provide them with all proper facilities for the performance of their duties and shall assign one or more physicians to the examination of children who apply for health certificates required by section eighty-seven of chapter one hundred and forty-nine, but in cities where medical inspection hereinafter prescribed is substantially provided by the Board of Health, said board shall appoint and assign the school physicians and nurses. The department may exempt towns having a valuation of less than one million dollars from so much of this section as relates to school nurses.

Section 2. Said chapter seventy-one is hereby further amended by inserting after section fifty-three the following new sections:

Section 53A. A superintendency district formed and conducted under the provisions of section sixty, or a superintendency union formed and conducted under the provisions of sections sixty-one to sixty-four, inclusive, may employ one or more school physicians and may employ one or more school nurses; determine the relative amount of service to be rendered by each in each town; fix the compensation of each person so employed; apportion the payment thereof among the several towns; and certify the respective shares to the several Town Treasurers. A school physician or nurse so employed may be removed by a two-thirds vote of the full membership of the joint committee.

Section 53B. The towns comprised in a superintendency district or union employing, to the satisfaction of the department, one or more school physicians and nurses in accordance with the provisions of section 53A shall be exempt from the provisions of section 53 requiring the appointment of such persons.

The School Committee has engaged Mrs. Gina F. Whitehouse of Foxboro, a registered nurse, for one day a week, provided an appropriation is made at the next annual town meeting for the purpose.

Towns with a school enrollment of 2500 employ nurses for full time. Plainville, with a school enrollment of 280, would, under the above ratio, require a nurse for one day a week or even less.

The work of the nurse will be of great value in improving the physical condition of the children.

The school physician should make a thorough physical examination of each pupil once a year. Then the health work can be done by the nurse by personal inspection of the children and by visits to the homes, the school physician being further called only for consultation and diagnosis.

Physical Exercise

Last year the General Court passed a law making physical instruction required in the public schools. Plainville would need such a teacher only a small part of the time. Therefore no special instructor has been employed. We have tried to comply with the law by requiring the regular teachers to devote certain time each day to such instruction.

Parent-Teacher Association

A parent-teacher association has recently been organized.

Such an association can be of great service by promoting a better acquaintance with the teachers and a closer touch with the work of the schools.

Drawing and Music

Miss Brigham reports the usual good work in drawing. The last exhibition gave sufficient evidence.

Mrs. Tisdale says: "We very much need new records for the Victrola. I would like to do more in Appreciation of Music. I would like to have the pupils from the High School assemble in the Town Hall occasionally to hear the Victrola. I would give them lessons in Appreciation of Music.

"One of the great benefits of music in the public schools is the teaching to the coming generation the ability to hear and appreciate good music. Music should be a socializing force in American life, and it is through the home and community life that school music will be the means of producing this force."

Conclusion

We still need playground apparatus and a dental clinic. An organized supervised playground is indispensable, if we would secure the greatest good to the students as a whole.

Many boys and girls lack robust health through decayed teeth. All the children should have their teeth examined once a year by a dentist. Then the school nurse should follow up the work.

The boys should have manual training. The only reason why they do not have it is the want of an instructor.

Your attention is called to the reports and statistics which follow:

I wish to thank the teachers, the School Committee and the citizens of Plainville for their helpful suggestions and their hearty co-operation during the past year.

Respectfully submitted,

IRA A. JENKINS

December 31, 1921.

Report of the High School Principal

To the Superintendent of the Plainville Schools:

Dear Sir: I take pleasure in submitting to you my first annual report, as Principal of the High School.

On registration day, school opened with an enrollment of fifty pupils, since which time two pupils have left school—one on account of difficulties at home, and another removing to Boston. One particularly gratifying feature of registration was the re-entrance into school life of some students who had left school in previous years.

All great educators agree that the aim of education is, primarily, three-fold:—that is, the all-round development of the students, morally, mentally and physically. It is further agreed that such a plan of education, definitely followed out, leads to the production of a group of broad-minded citizens, well fitted to cope with their various responsibilities, civic and national, which may devolve upon them in their after lives.

We have been considerably handicapped in following out the physical development of the students, due to lack of places of practice. However, this handicap has been considerably lightened through the co-operation of Mr. Charles Whiting, of the Whiting & Davis Company, whom I wish to thank publicly, for the free use of his tennis courts, which he so kindly granted the High School students.

My aim, educationally, is not the production of ascetics, nor scholastic fanatics, but rather the production of a group of thinking men and women, well trained to take up whatever duties may be connected with their life work.

In the accomplishment of this, I have been, and still am, very ably assisted by Miss Pithie in the Commercial Department, Miss Littlehale in English and History, and Miss Fisher in the Ancient and Romance languages. It is to them, largely, that I owe the popularity and esteem, in which the High School is held by the students.

At this time, I want to congratulate the town of Plainville on its two most valuable assets. First, and of major importance, the courteous, refined and respectful attitude of the High School students. I have remarked to you, sir, several times, as you will remember, that I have never met a more gentlemanly or lady-like class of students during my professional life. These students are the future citizens, and Plainville may well be proud of them.

Secondly, I wish to congratulate the town on their efficient corps of Grammar School teachers. Their efficiency is well shown by the high standards of scholarship attained in the High School. These were made possible only through the firm academic foundation laid in the Grammar Schools.

A Parent-Teachers' Association is in the process of formation at present, and gives promise of being a very healthy organization before the academic year closes. At these meetings, the students of the Domestic Science Department give tangible examples of their ability, in the form of delectable refreshments, prepared under the efficient tutelage of Miss Burditt. Two huge "Get-to-Gethers" are planned as follows: One for the fathers and sons, in the latter part of February, and the second for the mothers and daughters in the latter part of March. Committees are already at work upon these events.

As a means of bringing about a sense of more complete co-operation between the students and teachers, socials are held monthly in the Town Hall for the High School students and teachers of both buildings, exclusively.

Mr. Superintendent, allow me to make one prophecy. In the several years in which Plainville has competed for the Singleton Trophy, it has never been victor. I will not be so boastful as to say that this year we WILL win it—but sir, I promise you that the competing towns will have to be represented by premier speakers in order to take the trophy from us this year.

In closing, permit me to express the appreciation of the new teachers in Plainville for the wonderful spirit of help and co-operation we meet on every hand.

Respectfully submitted,

WEBSTER HALL,
Principal.

CLASS ODE

In our minds there's a wonderful picture,
 Tho' our paths may lead us far from here,
 We'll always remember our school days,
 And our class-mates we love so dear,
 Tho' our hearts may be filled with grief,
 This picture will give relief.

Chorus

In the future we all can look backward,
 And think of our high school career.
 How we'll miss our teachers and class-mates,
 All these memories to us will be dear.
 Tho' our hearts may yearn, we can never return,
 For our high school work is complete,
 We must never despair, but forget all our care,
 And with smiles the whole world we'll greet.

REPORT OF DOMESTIC SCIENCE TEACHER

To the Superintendent of Schools, Plainville, Mass.:

Whereas my teaching of Domestic Science has been short in Plainville, this report of necessity must be brief.

Classes are held in Plainville, Monday, Tuesday and Wednesday of each week and consist of classes in sewing from the third grade to the eighth, cooking in the eighth grade, and two classes in High School. A class in Household Management is also held for High School girls desirous of taking the subject.

The sewing outline is being followed as in the previous years; in the third grade, practice stitches; simple articles made in the fourth and fifth grades, while in the sixth and seventh, more difficult garments are made. The High School class in sewing does more advanced work in cutting and making.

The most simple dishes are taught in the first cooking class, the eighth grade, along with the principles of cookery. The two High School classes take up the planning of menus and preparation of more difficult dishes. The girls in the Freshman class of High School served refreshments at a Parent-Teachers' meeting with great success, while the Sophomore class plans to serve a dinner to the School Committee and Superintendent.

The cooking class in the eighth grade has charge of making and serving the cocoa for the school lunch. It has seemed to be very successful, as we serve on an average of forty-five to fifty cups a day at the cost of three cents a cup.

The Domestic Science room is fairly well equipped, with the exception of a few necessities needed—as far as utensils and equipment are concerned. The room itself is most unattractive, however. The condition could be somewhat remedied by painting the walls and installing an additional radiator to insure a safe temperature.

Respectfully submitted,

GEORGIA G. W. BURDETT.

REPORT OF THE SCHOOL PHYSICIAN

To the Superintendent of Schools of Plainville:

Dear Sir: In presenting my report for the year 1921 I am glad to report the general health of school children has been very good during the year.

At the Fall opening of schools I found parents, with very few exceptions, had their children vaccinated before entering the first grades, as the law demands. This is a great improvement over past years. Hereafter, all children not being vaccinated before entrance, must present a certificate from a physician, stating the reason why the child should not be vaccinated, also the length of time such condition will prevent the child from being vaccinated.

I find the feeling against vaccination very much less than a few years ago, and that a little sore on the arm is much preferred to the great disfigurement of face, if

not death, from the dreaded disease of smallpox. Smallpox has not been prevalent in Massachusetts of late years, but in the week ending December 10, 1921, there were 1003 cases of smallpox reported in the United States. In the recent outbreak in Kansas City, the absence of vaccination was markedly demonstrated where disease broke out in unvaccinated people, some only visitors to the city for a few hours.

In conclusion, I would like to suggest that the addition of a part time, (one day a week) nurse would be a great benefit to the children of the schools, as certain work can be carried out by the nurse that is impossible by the physician or teachers, and allow the physician to keep a closer watch upon certain conditions among the children which tend to retard their progress in school.

Respectfully yours,

December 31, 1921.

F. J. CARLEY, M. D.

PLAINVILLE PUBLIC LIBRARY

After several months of being closed because of the school authorities need of the room, we finally secured quarters in the Brick House, owned by Mr. E. B. Thompson, and were able to reopen in January. Our quarters, while inadequate, will be sufficient for the coming year, but the time is not far distant when your Library will be obliged to seek larger and better quarters.

We need more shelf room in order to display to advantage the many books on our shelves. There is also need of a room to be used as reading and reference room, for it is not good business to keep the many reference books unless they can be made available for use.

We find it impossible to heat any but the administration room.

We now open for the exchange of books Monday and Wednesday evenings, from 7:30 P. M. until 9:00 P. M., and Friday, from 3 until 5:00 P. M.

Our circulation has increased wonderfully the past year, total for year being 5721 fiction and 141 non-fiction, this being an average per session of 41 plus volumes.

Two hundred and seventy-five volumes were added during 1921, there being upwards of 4500 volumes on our shelves.

We would welcome any suggestions or constructive criticisms as to service or quality or kinds of books to add.

We shall be forced to build more racks this year, and

would respectfully ask for an appropriation of \$400 plus the dog tax.

In asking for a larger amount this year, we would call your attention to the fact that we are under a greater expense than ever before, such as rent, fuel, lights, etc. The dog tax this year is also about \$50 less than last year.

REPORT OF MOTH DEPARTMENT

To the Citizens of the Town of Plainville:

I herewith submit my report as Superintendent of the Moth Department for the year ending December 31, 1921.

Gypsy Moth Work

Year by year the importance of this work seems to have become more fully appreciated by the property owners of the town, and at no time during my five years' service in connection with this work have I had such co-operation on their part than has been evidenced throughout the year just closed. The method of conducting this work during the past year has not differed from that of former years. Conditions in the infested area of the town show a considerable decrease in the amount of damage done by these pests. During the winter and early spring, scouting was carried on throughout the town on all highways 100 feet back, and all eggs found creosoted. Roadside spraying was done during the feeding season, 1600 pounds of arsenate of lead being used for this work. Part of Hancock street and all Chestnut Hill was so badly infested that I went back into the woods as far as I could get, spraying everything.

The Rhode Island line colonies have a big decrease over last year, also George street. This year roadways are being cut through the woods in the infested area, so as to get the sprayer through. The roadways not only make possible more effective work, but the roads themselves form a check against the activities of the colony, and help also to prevent the spread of forest fires.

Th's work—spraying with arsenate of lead—is the most satisfactory way of combatting the gypsy moths. If the property owners who own cattle would co-operate with me in this work, more successful results would be assured.

Brown-Tail Moth

A strict search was made for this moth during the winter, and only two webs were found and destroyed. I am convinced that with proper co-operation on the part of the land owners no serious outbreak of this pest will ever take place, as occurred a few years ago.

Street Trees

We were able to do only a limited amount of this work, and there remains a great deal to be done at the earliest date possible. This consists of the removing of dead branches and the treating and filling of cavities, which have formed in the trunks of some of our finest trees. I recommend that the town make a small appropriation each year for the Tree Warden to do this work.

The Sprayer

Much work was done with this machine last year, 18,100 gallons of solution being pumped through it and a total of 1,680 trees were sprayed, in addition to about four acres of woodland. The sprayer has proved a valuable addition to the department, and has fully justified its purchase. Spraying will be carried on more extensively this year.

The expenses for the year will be found in the report of the Selectmen.

Respectfully submitted,

GEORGE H. SNELL,
Local Superintendent.

It is the purpose of the Forest Warden to warn the citizens of the town to be a little more thoughtful in regard to setting fires in the open, without permits, between the first of March and the first of December. There was one violation last year which cost the violator a \$100 fine. This is not a town law but is made by the State.

FRANK HENRICH,
Forest Warden.

REPORT OF MEMORIAL TABLET COMMITTEE

To the Selectmen of Plainville:

Gentlemen: It is with pleasure I submit the following report of the Memorial Tablet Committee:

During the Fall of 1920 Plainville Grange, No. 328, appointed a committee to see what could be done in the way of erecting a permanent Honor Roll and Memorial to the boys who went from Plainville for service during the World War. This committee sent notices to the various organizations in town, requesting them to send a committee to meet with the others and form a general committee, which was done in January, 1921, with G. M. Peckham, Chairman; O. P. Brown, Secretary, and Willis M. Fuller, Treasurer.

It was decided to have a bronze tablet upon a boulder, to be placed on the lawn in front of the Town Hall, and a committee of three—M. M. Rines, Lorenzo Sturtevant and William Nash—was appointed to select the tablet. The same committee was appointed to get the boulder. Fred Northup, T. E. A. Fuller and Fred Sweeting were the committee appointed to obtain the correct list of names for the tablet.

The Grange started the subscriptions with \$100.00, and Bennett Lodge, A. O. U. W., followed with \$25.00. At the annual town meeting \$200.00 was voted for this purpose. The town was divided into sections and canvassed with the following results:

Mrs. L. G. Young	\$45.00
Mrs. O. L. Schubert	30 00

Mrs. M. A. Heilborn	12.25
Mrs. F. T. Maintien	16.35
Mrs. G. B. Greenlay	12.00
Mrs. M. M. Rines	25.00
Mrs. Sylvester Smith	15.80
Mrs. F. O. Corbin	17.95
Mrs. R. G. Munroe	10.50
William H. Nash	15.25
Theo. E. A. Fuller	40.50
<hr/>	
Total	\$240.60

Theo. E. A. Fuller had charge of this part of the work. Robert Munroe laid the foundation and set the stone free of charge.

On Memorial Day, 1921, it was unveiled and dedicated with appropriate exercises, in which the G. A. R., W. R. C., S. W. V., American Legion, Ladies' Auxiliary, Boy Scouts and school children took part.

Mrs. Bertha Pond, President of the W. R. C., Mrs. Mildred Sweeting, President of the Ladies' Auxiliary, and Mrs. Gertrude Peckham, Chairman of the committee, unveiled the tablet, which is of bronze, measures 28 inches by 45 inches, and contains the names of all the boys who went from Plainville for service during the World War, with the names of the four who paid the supreme sacrifice in the space marked "In Memoriam." It also contains the seal of the town of Plainville and insignia of the Army and Navy.

The following is the Treasurer's report:

Received from Plainville Grange, P. of H.....	\$100.00
Received from Bennett Lodge, A. O. U. W.....	25.00

REPORT OF THE WATER COMMISSIONERS

March 14, William H. Nash sent his resignation to the Water Commissioners, which was accepted. At a joint meeting of the Selectmen and Water Commissioners March 24, H. S. J. Loud was elected to fill the vacancy. At a later meeting of the Water Board H. B. Thompson was elected Chairman of the Board, H. S. J. Loud and H. B. Thompson joint Collectors and Treasurers of the Board. On Nov. 15, Mr. C. N. Moore's death left a vacancy on the Board which will be filled at the annual Town Meeting.

The four-way hydrant was installed and a test made, which proved satisfactory.

The school house fire proved what high pressure and plenty of water will do.

One new connection was made during the year on South street.

The following table will show the amount of water used each month and cost:

REPORT OF ROAD COMMISSIONERS

The generally poor condition of the roads throughout the town at the beginning of the year, together with the unusually heavy rains in the Spring and early Summer, necessitated the expenditure of the bulk of the highway appropriation for general road repairs. Practically every town way was scraped and raked in the Spring, and many of them again in the Fall. Considerable rock and gravel was required for the filling in of washouts, and the brush in the outlying districts was cut where necessary.

Aside from general repairs, the principal items of expenditure were: The rebuilding of the Daniels street bridge, the construction of a new culvert at the junction of School and George streets, graveling East Bacon street and tarring West Bacon street.

The work on East Bacon street was followed by exceptionally dry weather, which prevented the proper binding of the materials, but since the appearance of the fall rains and frosts, this piece of road has shown a marked improvement, and we believe that next year will find this one of the best streets in town.

Some of the sidewalks about town are badly in need of resurfacing, and for this work we have found it difficult to locate easily available proper material. It was decided to try out crushed rock screenings on the East Bacon street sidewalks, and a carload of screenings was purchased for this purpose. Due to delay in shipment the material did not arrive until the ground was well frozen and therefore will be applied when the frost begins to come out in the spring.

The bridge on Mirimichi street, near the residence of

Orrin Clifford, is in very bad condition, and it will be necessary to construct a new bridge at this point next year. We recommend that a special appropriation be granted for this purpose.

There are several places at turns in the roads and alongside of the roads which are dangerous to autoists and which should be safeguarded by the erection of white fences or otherwise, and which should be considered in making next year's appropriation.

We recommend that a small start be made next year to show just what can be done by the use of crushed rock and that a special appropriation of one thousand (\$1,000.00) dollars be granted to be expended for a definite piece of crushed rock road.

Owing to a misunderstanding, the appropriation of \$500.00 for sidewalks, to be expended under the betterment act, was not taken up until late in the season. Then considerable time was lost in obtaining the permit from the State authorities, due to the proposed plans for widening the State highway, and a further delay in settling a question of drainage. The contract for a cement curb on the west side of South street, starting at Bacon street, and extending south, was finally let to a local contractor about the middle of November, but a sudden cold spell prevented the starting of the work, and it was deemed advisable not to spend the town's money until conditions were more favorable. In view of these circumstances we recommend that the sum of \$1,000.00 be appropriated next year, to be expended under the betterment act.

The culvert on East Bacon street, between the residences of Albert Bolton and George Graham, was torn up and replaced by a 15-inch Armco Iron Culvert, well rocked in and faced with cement at the ends. The

completed cost was \$78.78, or \$21.22 under the appropriation.

We have endeavored not only to keep within our appropriation, but to have some funds in reserve for emergency, which partly accounts for the unexpended balance in the Department of Highways and Bridges.

AUDITOR'S REPORT

This is to certify that I have carefully examined the books and accounts of the Treasurer, and find them correct.

I have examined and compared the books of the Collector of Taxes for the years 1919, 1920 and 1921, and found the amounts collected and paid the Treasurer, and the amounts uncollected, agree with the statements of the Town Treasurer.

That I have examined the books and compared the vouchers of the Water Department, Fire Department, School Committee and Public Library, and find they agree with the payments of the Treasurer.

Respectfully,

BERTHA B. AVERILL,
Town Auditor.

Plainville, Mass., January 28, 1922.

Warrant for Annual Town Meeting

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of Plainville. Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Plainville, qualified to vote in Town affairs, to meet in the Town Hall, in said Plainville, on Monday, the sixth day of March, A. D., 1922, at nine o'clock in the forenoon, then and there to act on the following Articles, viz.:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose all necessary Town Officers. The following are to be chosen by ballot, viz.:

Three Selectmen, three Overseers of the Poor, one Treasurer, one Town Clerk, one Auditor, one Collector of Taxes, one Trustee of the Public Library for three years, one Water Commissioner for three years, one Water Commissioner for two years, one member of the School Committee for three years, one Road Commissioner for three years, one Assessor for three years, one Assessor for one year, one Tree Warden, three Constables, and also on the same ballot to vote upon the question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?"

All officers except the above named are to be chosen for one year.

The polls will be open at 9:30 o'clock A. M. and may be closed by vote at 2 o'clock P. M.

Recommendations of the Advisory Committee for appropriations to be acted upon at the Annual Town Meeting, Plainville, March 6, 1922.
